Metadata
Discussion

Leif-Jöran Olsson, Språkbanken, UGOT
Workshop in Helsinki, 2011-09-30

Feedback

- No information about metadata maintenance (update, remove, programmatically? (/= mailing spreadsheets)
Will be addressed

- Need of manual (high-level human overview)
Jussi

- What is a resource (download, browsing, tool for browsing)?

- IPR issues

- About uploading existing metadata in other formats Will be addressed

Feedback

- No formal specification

- Controlled vocabularies (value sets) and publications of them.

- Authority files (catalogue) Oddrun

- Codes for "non applicable"

- Composite resources Oddrun

- Top level should be more generic

- ProjectInfo and FundingInfo

- PersonInfo, ProjectInfo and OrganisationInfo is inflexible.

Feedback

- AnnotationMode,PID, MultilingualityTypeDetails,

  LanguageScript,

  CharacterEncoding and CharacterSet,

  AnnotationStandoff,

  HarvestingDate,

  OriginalMetadataLink,

  ExecutionLocation,

  MultilingualityTypeDetails Sigrún
